

# From Pencil and Paper to A Better Way

# The New PAF The Best Way

- \* PAF is dead
- \* Long live Family Search – the new PAF

# FamilySearch

# Thankful For the Help with My Information

# Modifying My Information without My Permission

# I Can't Change Family Search, So

- \* I will fight the intruder
  - \* Eternal, cyclic, modification wars
- \* I will flee
  - \* In some cases quit doing family history all together

# The Problem

- \*Users believe they are the best judge of the correctness of their own information
- \*Loss of Control/Loss of ownership
- \*A feeling of violation

# Some Solutions

- \* Make it Personal
  - \* Personal views controlled by the patron
  - \* Branching version control
  - \* Foster synchronous as well as asynchronous communication
